

Product sheet

PowerPact BG 35kA 4P switch with screw and 50A maximum current.

Brand: SCHNEIDER

Reference: IMPO BGF46050

PowerPact BG 35kA TM50D 4P circuit breaker with screw mounting system. Designed for industrial applications, it provides protection and control in electrical circuits. Its 35kA breaking capacity ensures reliable performance in demanding environments.

Description

The PowerPact BG 35kA TM50D 4P screw-type circuit breaker is a device designed to provide reliable protection in medium- and low-voltage electrical systems. This model has a breaking capacity of 35 kA, making it an ideal choice for industrial and commercial applications requiring a high level of safety and efficiency. Its four-pole design allows for the simultaneous disconnection of the phases and neutral, ensuring greater protection in case of overloads or short circuits. Furthermore, its screw-mounting mechanism facilitates installation and maintenance, ensuring a solid and durable connection.

- **Model:** PowerPact BG TM50D
- **Breaking capacity:** 35 kA
- **Number of poles:** 4
- **Mounting type:** Screw
- **Rated voltage:** 400 V
- **Rated current:** 50 A
- **Overload protection:** Yes
- **Short-circuit protection:** Yes
- **Dimensions:** Compact for easy integration
- **Applications:** Industrial and commercial

Specifications

Rated current (A)	50
EAN	3606481150479
No. of poles	4P
Reference	SCHNEIDER BGF46050
