## SCHNEIDER NSX630 570A 4-pole 4-range circuit breaker 7.3E

Brand: SCHNEIDER

Reference: IMPO C6347E570

The Ud.Control NSX630 AC 4P4R 570A 7.3E is a high-capacity circuit breaker designed for industrial applications. It offers overload and short-circuit protection, ensuring safe and efficient operation in high-power electrical systems.

### Description

The Ud.Control NSX630 AC 4P4R 570A 7.3E is a high-capacity circuit breaker designed for industrial and commercial applications requiring efficient control and protection of electrical circuits. This device offers a robust and reliable solution, ensuring the safety and optimal performance of electrical installations. Its compact design and advanced technology allow for easy integration into existing electrical systems, while its 570A capacity ensures effective handling of high loads. In addition, it features monitoring and protection capabilities that facilitate energy management and prevent system failures.

- **Model:** NSX630 AC 4P4R
- **Rated Capacity:** 570A
- **Connection Type:** 4-pole, 4-way
- **Operating Voltage:** AC
- **Overload Protection:** Yes
- **Short Circuit Protection:** Yes
- **Dimensions:** Compact for easy installation
- **Monitoring:** Integrated monitoring options
- **Applications:** Industrial and commercial
- **Standards:** Meets international safety standards

### Specifications

|                   |                     |
|-------------------|---------------------|
| Frequency         | 50/60 Hz            |
| Rated current (A) | 570                 |
| EAN               | 3606481994264       |
| No. of poles      | 4P                  |
| Reference         | SCHNEIDER C6347E570 |
