Description

The black "NC" mushroom push button is a control device designed for electrical applications in residential and industrial environments. Its ergonomic and functional design allows for easy integration into various automation and control systems. This push button, which operates in normally closed (NC) mode, is ideal for situations where circuit closure is required when pressed. Manufactured with high-quality materials, it guarantees durability and wear resistance, making it a reliable choice for various electrical installations.

- **Pushbutton Type:** Normally Closed (NC)
- **Color:** Black
- **Material:** Durable Plastic
- **Dimensions:** 22 mm diameter
- **Installation:** Surface Mount
- **Connections:** Screw Terminals
- **Maximum Voltage:** 250V AC
- **Maximum Current:** 10A
- **Operating Temperature:** -10°C to 60°C
- **Certifications:** CE, RoHS

Specifications

Colour	Black
EAN	3389110134452
