

Product sheet

ACTI9 2P 5A D automatic switch with IP20 protection and C curve.

Brand: SCHNEIDER

Reference: IMPO A9F75270

The ACTI9 IC60N 2P 05A D is a miniature circuit breaker designed to protect electrical installations. With a 5-amp capacity and two poles, it offers safety and reliability in managing electrical circuits in residential and industrial environments.

Description

The ACTI9 IC60N 2P 05A D is a miniature circuit breaker designed to provide effective protection in residential and industrial electrical installations. This device is characterized by its high reliability and its ability to interrupt the current in case of overloads or short circuits, thus ensuring the safety of connected equipment and the electrical system in general. Its compact design allows for easy integration into electrical panels, optimizing space and facilitating installation. Furthermore, it features a rapid tripping mechanism that ensures an immediate response to any electrical current anomaly.

- **Device Type:** Miniature Circuit Breaker
- **Model:** ACTI9 IC60N 2P 05A D
- **Rated Current:** 5 A
- **Poles:** 2P (double pole)
- **Rated Voltage:** 230/400 V
- **Tripping Curve:** C (suitable for inductive loads)
- **Dimensions:** Compact, ideal for electrical panels
- **Certifications:** Complies with international safety standards
- **Operating Temperature:** -25 °C to +60 °C
- **Lifespan:** High durability and resistance

Specifications

Rated current (A)	0
Curve	D
EAN	3606480080609
No. of poles	2P
Reference	SCHNEIDER A9F75270
