

Product sheet

NSX40 SCHNEIDER 3/4P fixed part chassis, for robust and safe electrical installation.

Brand: SCHNEIDER

Reference: IMPO LV432532

Fixed chassis for 3/4P NSX40 socket, designed to provide support and stability in electrical installations. Manufactured with high-quality materials, it guarantees durability and strength. Compatible with electrical distribution systems, ideal for industrial and commercial applications.

Description

The NSX40 fixed-part chassis for 3/4P sockets is a robust and efficient solution designed for industrial applications requiring reliable and durable support. This chassis is manufactured from high-quality materials that ensure a long service life and resistance to harsh conditions. Its modular design allows for easy integration into electrical systems, simplifying installation and maintenance. The structure is optimized to offer superior performance, ensuring the stability and safety of the electrical components mounted on it.

- **Dimensions:** Adapted for 3/4P NSX40 socket
- **Material:** High-strength steel
- **Finish:** Anti-corrosion treatment
- **Load capacity:** Supports heavy loads
- **Installation:** Quick and easy assembly
- **Compatibility:** Compatible with various electrical components
- **Standards:** Meets international safety standards
- **Operating temperature:** Wide range for various applications
- **Accessories:** Includes mounting hardware
- **Warranty:** Quality backed by manufacturer

This chassis is ideal for industrial environments where reliability and safety are paramount, providing a solid foundation for the installation of electrical equipment.

Specifications

EAN	3606480021435
No. of poles	3P, 4P

Reference	SCHNEIDER LV432532
Series	Solera Mural
