Product sheet

SCHNEIDER iK60N 1-pole, 2-amp compact design switch.

Brand: SCHNEIDER

Reference: IMPO A9K24102

The iK60N 1P 2A C is a compact and efficient device designed to deliver optimal performance in a variety of applications. Its robust construction ensures durability, while its functional design facilitates integration into diverse environments. Ideal for everyday use.

Description

The iK60N 1P 2A C is a device designed to deliver efficient and reliable performance in industrial and commercial applications. Its robust construction and advanced technology ensure safe and long-lasting operation, adapting to diverse control and monitoring needs. This product stands out for its ease of installation and maintenance, making it an ideal choice for demanding environments. With a compact design, the iK60N 1P 2A C optimizes space without compromising functionality, ensuring optimal performance at all times.

- **Rated Voltage:** 230V AC
- **Rated Current:** 2A
- **Protection Rating:** IP20
- **Operating Frequency:** 50/60 Hz
- **Dimensions:** 60 x 90 x 40 mm
- **Housing Material:** ABS Plastic
- **Operating Temperature:** -10°C to 50°C
- **Connections:** Screw Terminals
- **Certifications:** CE, RoHS
- **Applications:** Lighting control, automation systems

Specifications

Rated current (A)	2
Curve	C
EAN	3606480086250
No. of poles	1P
Reference	SCHNEIDER A9K24102
