Description

The Direct Drive Protective Box (Chassis) is a robust and efficient solution designed to safeguard your equipment's direct drive. Manufactured with high-quality materials, this box offers superior protection against impacts, dust, and moisture, ensuring optimal performance under various conditions. Its ergonomic design allows for easy installation and access to the control, while its durable construction guarantees long-lasting use. This product is ideal for industrial and professional environments where safety and functionality are paramount.

- **Material:** High-strength ABS plastic
- **Dimensions:** 200 mm x 150 mm x 100 mm
- **Weight:** 500 g
- **Color:** Black
- **Protection:** IP65 dust and water resistance
- **Installation:** Surface mount with included screws
- **Compatibility:** Compatible with most direct controls on the market
- **Access:** Front opening for easy access to the control unit
- **Use:** Ideal for industrial and outdoor environments
- **Certification:** Complies with CE safety standards

Specifications

EAN	3606480021473
Protection	IP65
Reference	SCHNEIDER LV432534
Series	Solera Mural
