Product sheet

UNI 1.25-5A 110-240V AC/DC switch with adjustable voltage and high versatility.

Brand: SCHNEIDER

Reference: IMPO LUCA05FU

The UNI. STANDARD 1.25-5A 110-240V AC/DC is a versatile device designed to operate over a wide voltage range. Ideal for applications requiring a current of 1.25 to 5 amps, it offers a reliable and efficient solution for various electrical needs.

Description

The UNI. STANDARD 1.25-5A 110-240V AC/DC is a versatile and efficient power supply designed to provide a stable and reliable output in a wide range of electrical applications. Its ability to operate within a voltage range of 110 to 240V, in both AC and DC, makes it an ideal solution for electronic equipment requiring a constant power source. This product stands out for its compact and robust design, facilitating its integration into diverse environments, from industrial installations to domestic applications.

- **Current Range:** 1.25-5A
- **Input Voltage:** 110-240V AC/DC
- **Output Type:** Stable and Regulated
- **Compatibility:** Ideal for various electronic devices
- **Design:** Compact and Robust
- **Protection:** Against overloads and short circuits
- **Operating Temperature:** Wide range for diverse environmental conditions
- **Certifications:** Complies with electrical safety regulations
- **Installation:** Simple and quick
- **Durability:** High-quality construction for prolonged use

Specifications

Rated current (A)	5
EAN	3389110364026
Reference	SCHNEIDER LUCA05FU
Nominal voltage (V)	240
