ACTI 25A 6000A/10KA 3-pole automatic circuit breaker with overload protection

Brand: SCHNEIDER

Reference: IMPO A9P54725

The ACTI 16 IC40N 3PN C 25A 6000A/10KA MINIA is a three-phase circuit breaker designed to protect electrical circuits. It offers a breaking capacity of 10 kA and is suitable for industrial and commercial applications. Its compact design facilitates installation.

Description

The ACTI 16 IC40N 3PN C 25A 6000A/10KA MINIA is a high-quality circuit breaker designed to provide effective protection in electrical installations. This device is characterized by its robustness and reliability, making it ideal for residential and industrial applications. Its compact design allows for easy integration into electrical panels, while its breaking capacity ensures safety against overloads and short circuits. With a rated current of 25A and a short-circuit capacity of 10kA, this circuit breaker is capable of handling significant electrical demands, ensuring safe and efficient operation.

- **Circuit Breaker Type:** Automatic
- **Rated Current:** 25A
- **Short-Circuit Capacity:** 10kA
- **Pole Configuration:** 3-phase + neutral (3PN)
- **Rated Voltage:** 400V
- **Protection Class:** C
- **Dimensions:** Compact for easy installation
- **Applications:** Residential and industrial
- **Certifications:** Complies with safety regulations
- **Durability:** High resistance and long service life

Specifications

Rated current (A)	25
Curve	C
EAN	3606481326164
No. of poles	3P+N
Reference	SCHNEIDER A9P54725
