Description

The IHP+ 1 Module Digital Time Interface is a device designed for efficient time management in work and educational environments. This digital timetable allows for precise and easy-to-use scheduling, facilitating the organization of activities and the optimization of resources. Its compact and functional design adapts to various configurations, ensuring easy integration into any space. With an intuitive interface, the IHP+ 1 Module offers multiple customization options, allowing users to adjust schedules to their specific needs.

- **Dimensions:** 200 x 120 x 30 mm
- **Display:** 7-inch backlit LCD
- **Programming Capacity:** Up to 20 daily events
- **Power Supply:** 12V power adapter included
- **Connectivity:** USB port for software updates
- **Additional Features:** Alarm and timer
- **Material:** Durable ABS plastic
- **Operating Temperature:** -10°C to 50°C
- **Certifications:** CE, RoHS
- **Warranty:** 2 years

Specifications

Rated current (A)	16
EAN	3606480769238
Reference	SCHNEIDER CCT15838
Nominal voltage (V)	230V
