

Product sheet

iPRD 65R 65 KA 460V 3P high breaking capacity switch.

Brand: SCHNEIDER

Reference: IMPO A9L65321

The iPRD 65r 65 KA 460V 3P IT is an electrical device designed for industrial applications. It offers high breaking capacity and is compatible with three-phase systems, ensuring efficient and safe performance in demanding working environments.

Description

The iPRD 65r 65 KA 460V 3P IT is a device designed to deliver optimal performance in industrial applications requiring efficient energy management. This equipment is characterized by its robustness and reliability, guaranteeing continuous operation in demanding environments. Its compact design allows for easy integration into existing electrical systems, while its advanced technology ensures effective protection against overloads and short circuits. With a capacity of 65 kA, this circuit breaker is ideal for installations demanding high safety and energy efficiency.

- **Model:** iPRD 65r
- **Breaking capacity:** 65 kA
- **Rated voltage:** 460V
- **Phases:** 3P (three phases)
- **Type:** IT (total isolation)
- **Dimensions:** Compact for easy installation
- **Protection:** Against overloads and short circuits
- **Applications:** Ideal for industrial environments
- **Material:** Robust and durable construction
- **Certifications:** Complies with international safety standards

Specifications

Curve	K
EAN	3606480801648
No. of poles	3P
Reference	SCHNEIDER A9L65321
Nominal voltage (V)	460
