Description

The Annual Time Switch 1 is a device designed for efficient energy management in residential and industrial environments. This switch allows you to program the switching on and off of electrical devices throughout the year, facilitating control of energy consumption and optimizing resource use. Its intuitive interface and annual programming capability make it an essential tool for those looking to effectively automate their electrical systems.

- **Device Type:** Programmable Switch
- **Programming Capability:** Annual
- **Time Range:** Up to 24 hours per day
- **Operating Voltage:** 230V
- **Maximum Current:** 16A
- **Dimensions:** 85 x 85 x 40 mm
- **Display:** Backlit LCD
- **Additional Functions:** Timer, Countdown
- **Installation:** Easy flush-mount box installation
- **Certifications:** CE, RoHS

This switch is ideal for automating lighting, heating, and other electrical systems, providing a practical and efficient solution for controlling energy consumption.

Specifications

EAN	3606480625176
Reference	SCHNEIDER CCT15910
Nominal voltage (V)	230V
