Description

The 22mm mushroom-shaped plastic protector is an essential component for protecting and finishing surfaces in various industrial and construction applications. Manufactured from high-quality materials, this protector is designed to offer superior resistance to impacts and abrasions, ensuring the integrity of the areas it covers. Its mushroom-shaped design allows for easy installation and a secure fit, making it a practical and efficient solution for protecting edges and corners. This product is ideal for use in environments where additional protection is required, such as workshops, factories, and construction sites.

- **Diameter:** 22mm
- **Material:** High-strength plastic
- **Design:** Mushroom shape for a secure fit
- **Resistance:** High impact and abrasion resistance
- **Applications:** Ideal for edge and corner protection
- **Installation:** Quick and easy
- **Durability:** Long service life under demanding conditions
- **Color:** Transparent
- **Compatibility:** Compatible with various surfaces
- **Use:** Recommended for industrial and construction environments

Specifications

EAN	3389119042765
Reference	SCHNEIDER ZBZ4005
Series	Solera Mural
