Description

The fixed 9-wire socket block is an essential component in the installation of electrical and communication systems. Designed to provide a secure and efficient connection, this block allows for the organization and distribution of multiple wires, facilitating their handling and maintenance. Its robust construction ensures durability and resistance, while its compact design optimizes space in installations where efficiency is key. This product is ideal for applications in residential, commercial, and industrial environments, ensuring reliable performance every time.

- **Capacity:** Supports up to 9 wires.
- **Material:** Made of high-strength plastic.
- **Dimensions:** Compact, ideal for tight spaces.
- **Installation:** Easy to install, compatible with various socket systems.
- **Connections:** Provides secure and stable connections.
- **Use:** Suitable for electrical and communication applications.
- **Color:** Available in a neutral color to blend into any environment.
- **Standards:** Meets safety and quality standards.
- **Maintenance:** Requires low maintenance, easy to clean.
- **Compatibility:** Compatible with different types of wires and cables.

Specifications

EAN	3606480021572
Reference	SCHNEIDER LV429273
Series	Solera Mural
