SCHNEIDER 36kA AC 3P 160A circuit breaker block - efficient electrical protection.

Brand: SCHNEIDER

Reference: IMPO C16F3

The NSX160F 36kA AC 3P 160A Circuit Breaker Block is an electrical device designed to protect circuits in industrial applications. It offers a 36kA breaking capacity and is configured for three phases, ensuring efficient and safe performance.

Description

The NSX160F 36kA AC 3P 160A Circuit Breaker is an electrical protection device designed to ensure safety and efficiency in power distribution systems. This high-capacity circuit breaker is designed for industrial and commercial applications, offering reliable protection against overloads and short circuits. Its robust construction and advanced technology allow for optimal performance under demanding conditions, ensuring continuity of electrical service and minimizing the risk of installation failures.

- **Model:** NSX160F
- **Breaking capacity:** 36kA
- **Current type:** AC
- **Poles:** 3P (three-phase)
- **Rated current:** 160A
- **Dimensions:** Compact for easy installation
- **Protection:** Against overloads and short circuits
- **Standards:** Complies with international safety standards
- **Accessories:** Compatible with a wide range of accessories for customization
- **Applications:** Ideal for industrial environments and commercial

This cutting block is an efficient solution for energy management, providing a rapid response to risk situations and contributing to the stability of the electrical grid.

Specifications

Frequency	50/60 Hz
Rated current (A)	160
EAN	3606481999382

No. of poles	3P
Reference	SCHNEIDER C16F3
