Description

The Sola-WP Beam Divider is an essential accessory for Lasertornic and Profiline levels, designed to facilitate alignment and measurement in construction and remodeling projects. Made of high-quality plastic, this divider measures 42 x 26 mm and offers exceptional versatility thanks to its 360° rotating working area. Its magnetic design allows for secure attachment to metal surfaces, ensuring greater stability during use. This device is ideal for applications requiring precise line and angle projection, ensuring optimal results for every task.

- **Dimensions:** 42 x 26 mm
- **Material:** High-quality plastic
- **Working area:** 360° rotatable
- **Compatibility:** Lasertornic and Profiline levels
- **Mounting:** Magnetic for metal surfaces
- **Use:** Ideal for precise alignment and measurement
- **Design:** Compact and lightweight
- **Applications:** Construction, remodeling, and DIY projects
- **Ease of use:** Quick and easy installation
- **Durability:** Resistant to wear and frequent use

Specifications

High	2,60
Width	10,00
Colour	Megro
EAN	9002719009078
Weight (kg)	0,0100

Depth	18,00
