Description

The Leica NA324 (840382-L) automatic optical level is the ideal tool for professionals who require precision and reliability in their daily leveling tasks. With 24x magnification and a deviation of only 2.0 mm, this level combines a distinctive design with proven technology, guaranteeing high-quality results in any working environment.

The Leica NA300 series has been designed to overcome the challenges encountered on construction sites, offering ergonomic and robust handling that adapts to various applications in the construction field. Its rugged construction and IP54 certification ensure optimal performance even in adverse conditions, allowing users to work with complete peace of mind.

Adjusting the horizontal level is simple thanks to its perfectly designed mirror, facilitating quick and accurate measurements.

With over 270 Leica Geosystems service centers worldwide, users can rely on unparalleled support wherever they are.

- Magnification: 24x
- Deviation: 2.0 mm
- Shortest sighting distance:

Specifications

EAN	7640110695975
Weight (kg)	2,0000
