Description

The Leica NA520 automatic optical level from Leica Geosystems is an essential tool for professionals who require precise measurements in challenging work environments. With 20x magnification and a deviation of only 2.5 mm, this optical level is designed to deliver reliable, high-quality results, exceeding the demands of any construction site. Its robust construction and proven technology guarantee exceptional performance, even in the most adverse conditions.

Leica Geosystems, with its extensive experience in the construction sector, provides equipment that adapts to all leveling needs. This optical level is the perfect partner for those seeking precision and speed in their measurements.

- **Free target diameter:** 36 mm
- **Shortest sight distance:**

Specifications

EAN	7640110696002
Weight (kg)	1,5000
