Description

The Flexo Termo hh ½ in, 30 cm is a flexible stainless steel hose specifically designed for connecting water heaters. With a length of 300 mm and an inner diameter of 10 mm, this hose offers a flow rate of up to 70 liters per minute, guaranteeing optimal performance in the distribution of potable water. Its stainless steel construction ensures high corrosion resistance and a long service life, while its flexible design allows for easy installation and adaptability to different configurations. This product can withstand pressures up to 10 bar and temperatures up to 90°C, making it a safe and efficient option for hot water applications.

- **Material:**Stainless steel
- **Type:**Flexible
- **Features:**Flexible
- **Dimensions:**H - h 1/2 in, 30 cm long/ø10 mm inner diameter
- **Flow rate:**70 l/min
- **Maximum pressure:**10 bar
- **Maximum temperature:**90°C
- **Application:**For water heaters, drinking water

Specifications

EAN	8429343191633
Material	Acero inoxidable
Measures	H - h ½ pulg, 30 cm de longitud / ø10 mm interior
