Product sheet

Starter for class C LED tubes

Brand: EDM

Reference: EDM 04049

EDM Class C LED Tube Starter, designed to ensure efficient and safe ignition of your LED tubes. Compatible with voltages from 220 to 240V, this starter is ideal for optimizing the performance of your light fixtures. Its Class C energy rating makes it a suitable choice for various lighting applications. It ensures proper operation and extends the lifespan of your LED tubes.

Description

The EDM Class C LED tube starter is an essential component for the proper functioning of LED tubes in this category. Designed to operate at 220 to 240 V, this starter ensures efficient and safe ignition, optimizing the performance of the LED tubes and extending their lifespan. Its Class C energy rating makes it a suitable choice for those seeking a lighting solution that combines efficiency and functionality. This starter is compatible with a wide range of LED tubes, making it versatile for various applications in residential and commercial environments.

- **Energy Class:**C
- **Type:**LED Tube Starter
- **Operating Voltage:**220 - 240 V
- **Compatibility:**Class C LED Tubes
- **Installation:**Quick and easy
- **Durability:**High resistance and long lifespan
- **Applications:**Residential and commercial
- **Performance:**Efficient ignition
- **Dimensions:**Compact and lightweight
- **Certifications:**Complies with safety regulations

Specifications

Energy classification	C
EAN	8425998040494
