Description

The Irega SWO 92/CBE-8 adjustable wrench is a tool designed to deliver exceptional performance in a variety of mechanical applications. Made of chrome vanadium steel, this model combines durability and strength, ensuring a long service life even under demanding working conditions. Its ergonomic design includes an Ergotop handle, which provides a comfortable and secure grip, reducing fatigue during extended use. It also features a full handle beneath the grip, allowing for better control and precision with every adjustment.

The wrench's non-protruding jaw in the fully open position ensures easy access to tight spaces, while its opening capacity exceeds that of the equivalent standard size by 78%, making it a versatile tool for any professional or DIY enthusiast.

Weighing only 0.375 g, this adjustable wrench is 68% lighter than other options on the market, making it easier to carry and handle.
