Clamping clamp with plunger, 60 cm

Brand: WORKPRO

Reference: EDM 21183

This 60cm plunger clamp is made of steel and features a quick-release system. Its ergonomic rubber handle provides comfort during use, while the two clamping pads protect workpieces. Cold-drawn steel screws enhance gripping ability, and the pressed and riveted fixed head ensures powerful clamping force. Ideal for woodworking and DIY projects.

Description

The 60cm plunger clamp is an essential tool for any professional or DIY enthusiast looking for an efficient and secure clamping system. Made of high-quality steel, this clamp features a robust design that ensures excellent durability and strength. Its ergonomic rubber handle provides a comfortable grip, allowing for extended use without fatigue. The quick-release mechanism facilitates the tightening and release of workpieces, optimizing working time. Additionally, it includes two clamping pads that protect the surfaces of the workpieces, preventing damage during the tightening process.

- **Material:**High-strength steel
- **Size:**60 cm
- **Handle:**Ergonomic rubber
- **Color:**Blue and red
- **Type:**Clamping clamp
- **Includes:**2 clamping pads
- **Features:**Pressed and riveted fixed head
- **Screws:**Cold-drawn steel for greater gripping capacity
- **Use:**Ideal for woodworking and assembly work
- **Functionality:**Quick release for greater efficiency

Specifications

Colour	Azul y rojo
EAN	6914280007991
Material	Tornillos de acero estirado en frío
Measures	60 cm
