# 300 mm combination square

Brand: WORKPRO

Reference: EDM 21275

The 300mm combination square is made of die-cast aluminum, ensuring precision machining. Its detachable design includes an impact-resistant acrylic bubble level, ideal for measuring and alignment tasks. It features graduations in millimeters and fractions of 1/8", 1/16", and 1/32", making it a versatile tool for professionals and hobbyists alike. Its robustness and precision make it indispensable in any workshop.

## Description

The 300mm combination square is an essential tool for professionals and DIY enthusiasts seeking precision and versatility in their projects. Made from die-cast aluminum, this square has been precision machined to ensure accurate measurements and long-lasting durability. Its detachable design allows for easy storage and transport, while the impact-resistant acrylic bubble provides a clear and reliable leveling reading. The graduations in millimeters and fractions of an inch (1/8, 1/16, and 1/32") make this tool an ideal choice for a wide variety of applications, from woodworking to metalworking.

- **Size:**300 mm
- **Type:**Combination Square
- **Material:**Die-cast Aluminum
- **Features:**Detachable
- **Features:**Impact-resistant acrylic bubble
- **Graduations:**mm, 1/8, 1/16, and 1/32"
- **Use:**Ideal for woodworking and metalworking
- **Accuracy:**High-precision machining
- **Durability:**Durable and long-lasting material Useful
- **Portability:**Detachable design for easy transport

## Specifications
