Description

The 10 x 12 x 14 mm socket wrench is an essential tool for any professional or DIY enthusiast. Made of 40Cr steel, this hexagonal wrench offers exceptional strength and durability, making it an ideal choice for jobs requiring a high level of force. Its chrome finish not only provides a polished look, but also acts as an effective barrier against corrosion, ensuring the tool maintains its integrity and functionality over time.

- **Type:**Socket wrench and
- **Material:**40Cr steel
- **Features:**Chrome plated and corrosion resistant
- **Shape type:**Hexagonal
- **Size:**10 x 12 x 14 mm
- **Use:**Ideal for mechanical and maintenance work
- **Strength:**High resistance to deformation
- **Finish:**Smooth surface and easy to clean
- **Compatibility:**Fits various nuts and bolts
- **Design:**Compact and lightweight for simple handling

Specifications

EAN	6914280018072
Material	Acero 40Cr
Measures	10 x 12 x 14 mm
