

Product sheet

Cutting disc, diamond, continuous tooth, basic, ø 115 x 22.2 x 7 mm

Brand: WORKPRO

Reference: EDM 21359

Diamond cutting disc with continuous saw blade, Basic model, measuring ø115 x 22.2 x 7 mm. Designed for cutting stone, concrete, brick, and ceramic, this disc supports a maximum speed of 80 m/s and 13,300 rpm. Its cold-pressed 65Mn steel body ensures durability and precision. Ideal for wet cutting, it allows for a smooth finish on various materials.

Description

The Basic model diamond cutting disc, measuring ø115 x 22.2 x 7 mm, is a tool designed to offer optimal performance when cutting hard materials such as stone, concrete, brick, and ceramic. Its continuous saw blade allows for smooth and precise cuts, ideal for jobs requiring a clean finish. This disc is manufactured with a cold-pressed 65Mn steel body, guaranteeing high strength and durability during use. With a maximum speed of 80 m/s and a capacity of up to 13,300 rpm, this disc is perfect for wet cutting applications, helping to reduce dust and heat generated during the cutting process.

- **Type:**Cutting disc
- **Maximum RPM:**13,300 - 80 m/s
- **Application:**Stone, concrete, brick, and ceramics
- **Features:**Continuous tooth
- **Model:**Basic
- **Dimensions:**ø 115 x 22.2 x 7 mm
- **Body:**Cold-pressed 65Mn steel
- **Cutting:**Wet and smooth
