Description

The 3-piece staple removal tool set is an efficient and versatile solution for removing rivet fasteners in various environments, especially in the automotive sector. This set includes two levers of different lengths, 225 mm and 310 mm, allowing optimal access to hard-to-reach areas and ensuring comfortable handling. In addition, a pair of 230 mm 2-in-1 pliers with square jaws is included, designed to facilitate the assembly and disassembly of panels, staples, and trim. These tools are manufactured with high-quality materials, ensuring their durability and resistance in daily use.
