CR-V cable cutter 170 mm

Brand: WORKPRO

Reference: EDM 21397

The 170mm CR-V cable cutter is made of chrome-vanadium steel, with a blued and polished head that ensures a smooth and powerful cut. It is ideal for cutting multi-strand copper and aluminum cables, although it is not suitable for iron wire, steel, or steel cable cores. Its tri-material comfort handle provides a comfortable and secure grip during use.

Description

The 170mm CR-V cable cutter is an essential tool for professionals and DIY enthusiasts who require precise and efficient cutting. Made of chrome-vanadium steel, this cable cutter features a blued and polished head that ensures durability and wear resistance. Its ergonomic design, with a tri-material comfort handle, provides a secure and comfortable grip, allowing for extended use without fatigue. This cutter is specifically designed for cutting multi-strand copper and aluminum cables, offering a smooth and powerful cut. However, it is not suitable for cutting iron wires, steel wires, or steel cable cores, making it ideal for specific applications in the electrical and telecommunications sectors.

- **Size:**170 mm
- **Type:**Wire cutters
- **Material:**Chrome vanadium
- **Handle:**Tri-material
- **Features:**Blued and polished head
- **Application:**Cutting multi-strand copper and aluminum cable
- **Smooth and powerful cutting:**Work efficiency
- **Ergonomic design:**Comfortable for extended use
- **Not suitable for:**Iron and steel wires
- **Recommended use:**Professionals and DIY enthusiasts

Specifications

EAN	6914280073392
Material	Cromo vanadio
Measures	170 mm
