Cable cutter, 235 mm

Brand: WORKPRO

Reference: EDM 21399

This 235mm cable cutter is made of high-quality steel with a blued and polished head that ensures a smooth and powerful cut. Designed for cutting multi-strand copper and aluminum cables, it is not suitable for iron wire, steel, or steel cable cores. Its bright blue plastic handle is dirt-resistant and easy to clean, offering comfort and durability. Ideal for electrical and maintenance work.

Description

The 235 mm cable cutter is an essential tool for professionals and hobbyists who require precise and efficient cutting. Made of high-quality steel, this cable cutter features a blued and polished head that guarantees optimal performance and long durability. Its design allows for a smooth and powerful cut, ideal for multi-strand copper and aluminum cables. However, it is important to note that it is not suitable for cutting iron wire, steel wire, or steel cable cores, making it a specialized tool for specific tasks.

The bright blue plastic handle not only adds an aesthetic touch but is also dirt-resistant and easy to clean, ensuring simple maintenance and a long product lifespan.

Measuring 235 mm, this cable cutter is compact and easy to handle, making it ideal for various electrical and maintenance applications.

- **Material:**High-quality steel
- **Type:**Cable cutter
- **Features:**Blued and polished head
- **Application:**Cutting multi-strand copper and aluminum cables
- **Size:**235 mm
- **Handle:**Plastic and bright blue
- **Durability:**Dirt-resistant
- **Ease of cleaning:**Easy to clean
- **Cutting:**Smooth and powerful
- **Limitations:**Not suitable for iron or steel wires

Specifications

EAN	6914280013770
Material	Steel
Measures	235 mm
