Wire stripper, 150 mm

Brand: WORKPRO

Reference: EDM 21403

This 150mm automatic wire stripper is designed for efficiently cutting and stripping 0.6 to 2.6 mm² (10-22 AWG) wires. Its spring-loaded mechanism allows for automatic opening, making it easy to use. It features clear gauge markings and holes for bending and shaping wires, as well as clean cutting of studs. Ideal for electrical and maintenance work, this wire stripper combines functionality and precision in a compact tool.

Description

The 150mm automatic wire stripper is an essential tool for any electrical professional or hobbyist. Designed to easily cut and strip wires with a cross-sectional area ranging from 0.6 to 2.6 mm² (10-22 AWG), this device allows for efficient and precise work. Its spring-loaded, self-opening mechanism ensures quick and comfortable operation, reducing user fatigue during extended use. Furthermore, it features clearly visible gauge markings that facilitate wire dimension identification, ensuring accurate and clean cuts. It also includes holes designed for bending and forming cables, adding versatility to its functionality.

- **Size:**150 mm
- **Type:**Automatic wire stripper
- **Cutting capacity:**Cuts and strips 0.6 - 2.6 mm² (10-22 AWG) wires
- **Cuts studs:**Allows for clean stud cuts
- **Gauge markings:**Easy to read for greater accuracy
- **Bending holes:**Facilitates cable forming
- **Spring-loaded:**Self-opening action for added convenience

Specifications

EAN	6914280004075
Measures	150 mm
