Product sheet

Masonry drill bits, ø4.00 - ø10.00 mm, 5-piece set

Brand: WORKPRO

Reference: EDM 21483

5-piece masonry drill bit set, with diameters from 4.00 to 10.00 mm. Made with YG8 tungsten carbide tips and sandblasted carbon steel shanks, these drill bits feature a U-shaped flute for fast chip removal. Ideal for drilling masonry materials, this set is an essential tool for construction and repair projects. Includes a variety of drill bit sizes for added versatility.

Description

The masonry drill bit set, which includes five pieces with diameters of 4.00 mm, 5.00 mm, 6.00 mm, 8.00 mm, and 10.00 mm, is designed to offer optimal performance when drilling into hard materials such as brick, concrete, and stone. Each bit features a YG8 tungsten carbide tip, providing excellent durability and wear resistance, ensuring precise and efficient cuts. The sandblasted carbon steel shank guarantees a firm grip and greater stability during use. The innovative U-shaped flute allows for rapid chip removal, improving work efficiency and reducing drilling time.

- **Contents:**5 units
- **Type:**Drill bit
- **Application:**Masonry
- **Diameters included:**ø4.00/ø5.00/ø6.00/ø8.00/ø10.00 mm
- **Features:**Tungsten carbide tip, carbon steel shank
- **Flute design:**U-shaped flute for rapid chip removal
- **Durability:**High wear resistance
- **Compatibility:**Ideal for masonry drilling
- **Use:**Professional and domestic
- **Finish:**Sandblasted for greater adhesion
