Description

The 250mm flat rasp is an essential tool for any woodworking enthusiast or professional. Designed for optimal performance, it features aggressive teeth that allow for quick and efficient wood removal, facilitating roughing and finishing projects. Its 250mm blade provides a wide surface area for greater contact with the material, resulting in a more uniform and precise finish. The bi-material handle is ergonomically designed to offer a comfortable and secure grip, reducing fatigue during prolonged use.

- **Type:**Rasp
- **Handle:**Bi-material
- **Shape Type:**Flat
- **Blade:**250 mm
- **Features:**Aggressive teeth for fast wood removal

This rasp is ideal for jobs requiring precision and speed, making it an indispensable tool in any carpenter's workshop.
