Description

The 18mm wood chisel is an essential tool for any carpenter or woodworking enthusiast. Its blade, made of forged chrome-vanadium steel, has been heat-treated to ensure excellent edge retention, allowing for precise and long-lasting cuts. With an edge 30% longer and sharper than conventional chisels, this product is designed to offer superior performance in roughing and finishing tasks. It also features a robust steel end cap, ideal for withstanding heavy blows from a hammer or mallet, making it a versatile and durable tool.

The heavy-duty handle has an ergonomic design that provides a comfortable and secure grip, allowing for extended use without fatigue.

This chisel is perfect for working with various types of wood, facilitating the creation of precise joints and quality finishes.
