Description

The 20mm wood chisel is an essential tool for any carpenter or woodworking enthusiast. Its blade, made of forged chrome-vanadium steel, has been heat-treated to ensure exceptional edge retention, allowing for precise and long-lasting cuts. With an edge 30% longer and sharper than conventional chisels, this product is designed to facilitate the roughing and finishing of wood with great efficiency. Furthermore, it features a robust steel end cap, ideal for withstanding heavy blows with a hammer or mallet, making it a versatile tool for various woodworking applications.
