Description

The 25mm wood chisel is an essential tool for any carpenter or woodworking enthusiast. Its forged chrome-vanadium steel blade has been heat-treated to ensure excellent edge retention, allowing for precise and long-lasting cuts. With an edge 30% longer and sharper than conventional chisels, this product is designed to facilitate the roughing and finishing of wood with great efficiency. It also features a steel stop that allows it to withstand heavy blows, whether from a hammer or mallet, without compromising the tool's integrity. Its high-strength handle, designed with an ergonomic grip, provides comfort and control during use, reducing fatigue during prolonged tasks.
