Description

The 32mm wood chisel is an essential tool for any professional or hobbyist woodworker. Its blade, made of forged chrome-vanadium steel, has been heat-treated to ensure exceptional edge retention, allowing for precise and long-lasting cuts. With an edge 30% longer and sharper than conventional chisels, this product is designed to deliver superior performance in roughing and finishing wood. It also features a robust steel end cap, ideal for withstanding heavy blows from a hammer or mallet, making it a versatile and durable tool.

The heavy-duty handle has an ergonomic design that provides a comfortable and secure grip, reducing fatigue during extended use.

This chisel is perfect for making fine and detailed cuts, as well as for more demanding woodworking tasks.
