Product sheet

Square file, 250 mm

Brand: WORKPRO

Reference: EDM 21598

The 250mm square file is made of SK2 steel, ensuring durability and strength. Its design includes a tricolor, non-slip handle that provides a comfortable and secure grip during use. Ideal for precision work, this tool is perfect for shaping and finishing various materials. Its square shape allows easy access to hard-to-reach areas, making this file a versatile choice for any project.

Description

The 250mm square file is an essential tool for any professional or DIY enthusiast seeking precision and durability in their finishing work. Made from SK2 steel, this high-quality material guarantees superior wear resistance, allowing for extended use without compromising its effectiveness. Its square design facilitates access to hard-to-reach areas and provides a uniform finish on flat and angled surfaces. Additionally, it features a tricolor, non-slip handle that ensures a comfortable and secure grip, minimizing the risk of slippage during use.

- **Size:**250 mm
- **Handle:**Tricolor, non-slip
- **Type:**File
- **Shape:**Square
- **Material:**SK2 Steel
- **Use:**Ideal for finishing work on wood and metal
- **Durability:**High wear resistance
- **Grip:**Ergonomic design for greater comfort
- **Versatility:**Suitable for various DIY and woodworking applications
- **Finish:**Provides a uniform and precise finish

Specifications

EAN	6914280016818
Material	Acero SK2
Measures	250 mm
