Description

The 250 mm triangular file is an essential tool for both professionals and hobbyists. Made of SK2 steel, this file offers exceptional durability and strength, making it ideal for roughing and finishing surfaces on various materials. Its triangular design allows access to corners and hard-to-reach areas, ensuring a precise and efficient finish. The tricolor, non-slip handle provides a comfortable and secure grip, minimizing the risk of slippage during use. This combination of materials and design makes the triangular file a versatile and reliable tool in any workshop or workspace.

- **Size:**250 mm
- **Handle:**Tricolor non-slip
- **Type:**File
- **Material:**SK2 Steel
- **Shape:**Triangular
