Description

The one-piece carpenter's hammer, weighing 560g, is an essential tool for any professional or DIY enthusiast. Made from forged carbon steel, this hammer has been heat-treated and polished to ensure exceptional durability and strength. Its one-piece design eliminates weak points, providing greater structural integrity during use. Equipped with a magnetic nail starter, it facilitates precise nail placement, improving work efficiency. The textured rubber-coated handle not only absorbs shock and vibration but also offers a comfortable and secure grip, allowing for optimal control with every strike. Additionally, it features a thumb rest that improves ergonomics and reduces fatigue during prolonged use.
