### Description

The 16 mm diameter bi-metal hole saw is a versatile and efficient tool, designed for making precise cuts in a wide variety of materials. With a speed range of 365 to 550 rpm, this saw is ideal for working with metal, aluminum, plastic, drywall, and wood, offering optimal performance in every application. Its M3HSS milled teeth guarantee superior durability and excellent cutting capacity, making it a reliable choice for professionals and DIY enthusiasts.

- **Type:**Bi-metal hole saw
- **Dimensions:**Ø16 mm
- **Features:**M3HSS milled teeth
- **Application:**Metal, aluminum, plastic, drywall, wood, etc.
- **Maximum RPM:**365 - 550

This hole saw is an essential tool for those seeking precision and versatility in their cutting projects. Its bi-metal design provides exceptional strength, allowing for extended use without compromising cut quality.
