Description

The 24 x 32 cm paint tray is an essential tool for any painting project, designed to optimize the process and ensure high-quality results. Made of polypropylene, this plastic material offers durability and resistance, making it an ideal choice for all types of jobs, from small repairs to larger projects. Its flat design allows for easy handling and convenient access to the roller, facilitating even paint application. Furthermore, its structure is designed to remove excess paint from the roller, ensuring a smoother, more even coat, which contributes to a professional finish.
