Description

The Dynamo Flashlight is an ideal solution for those seeking a compact and versatile light source for outdoor activities. With a lightweight design and an IP54 rating, this flashlight is water and dust resistant, making it a reliable choice for camping, hiking, or emergencies. Its dual power system allows for convenient charging via a USB Type-C port or manually using the integrated hand crank, ensuring you always have light when you need it. Just one minute of manual charging provides up to 15 minutes of light, making it perfect for unexpected situations.

The Dynamo Flashlight features three light modes: high, low, and emergency, adapting to different lighting needs. It also includes a charge and low battery indicator, allowing you to monitor the flashlight's status at all times.

Its integrated hook at the base makes it easy to hang, allowing it to be placed on various surfaces for greater convenience.
