Description

The F20 Flashlight is a high-performance lighting tool designed to deliver 100 lumens of brightness. Its LED technology ensures exceptional brightness, ideal for various outdoor activities or emergency situations. This flashlight features two light modes: high and low, allowing the user to adjust the intensity according to their needs. With a beam range of up to 30 meters, the F20 provides optimal visibility in dark environments. Its 10-hour battery life ensures extended use, making it a reliable choice for hiking, camping, or home use.

Made with high-quality materials such as aluminum, PC, and TPR, the F20 Flashlight is rugged and durable, capable of withstanding harsh conditions. Its compact design, with a 30 mm diameter head and a length of 140 mm, makes it easy to carry and store.

The flashlight requires 3 long-life AAA batteries (not included), allowing for easy replacement and access to the power needed for operation.
