**Schuko socket base + usb a + c
10.5 w 16 a 250 v~, simon 10,
white**

Brand: SIMON

Reference: EDM 42040

The Simon 10 recessed Schuko socket offers a 16A outlet and USB A and C ports with a power output of 10.5W. It allows you to connect devices up to 250V while charging mobile phones and other appliances. Its design includes the mechanism, cover, and frame, with a flexible polypropylene frame and metal clips. Available in white, it is ideal for integrating into any modern space.

[View product online](#)**Description**

The Schuko + USB A + C socket, rated at 10.5 W and 16 A, from the Simon 10 series, is a versatile and modern solution for connecting electrical devices and charging mobile devices. This flush-mounted model allows you to connect appliances with a current of up to 16 A and a voltage of 250 V, guaranteeing optimal and safe performance. Its design includes a mechanism, cover, and frame, all made with a flexible polypropylene frame that ensures durability and resistance. The metal claws facilitate a secure and stable installation, while its white finish blends seamlessly into any environment.

- **Type:** Flush mount socket
