Description

The Televes surface-mount socket base is a practical and efficient solution for installing double and triple electrical sockets on any wall. This adapter allows for the installation of sockets without the need for recessed mounting, thus facilitating installation in spaces where a quick and aesthetically pleasing solution is required. Made of high-quality ABS plastic in an elegant white RAL 9001 color, this base screws directly to the wall, providing a solid and secure base for the sockets. Its modern design integrates perfectly into any environment, whether in offices, homes, or commercial spaces.
