Universal garden spreader

Brand: CELLFAST

Reference: EDM 70037

The universal garden spreader is ideal for distributing materials with a granular size of 1 to 10 mm, suitable for use in both summer and winter. Its design allows the contents to be spread only while guiding the spreader, ensuring even distribution thanks to its roller. With a spreading width of 45 cm and a capacity of 12 L for seeds and 3 L for granular fertilizer, it facilitates work on uneven surfaces. Dimensions: 55.5 x 107 cm.

Description

The universal garden spreader is a versatile tool designed to facilitate sowing and fertilization in various weather conditions. This device is ideal for spreading materials with a granulation of 1 to 10 mm, making it a suitable option for both summer and winter. Its operation is based on a system that allows the contents of the hopper to be distributed only while guiding the spreader, thus ensuring efficient and controlled use. The integrated roller ensures uniform spreading, while the high-profile wheels allow for agile handling on uneven surfaces.

With a spreading width of 45 cm, this spreader allows you to cover large areas without the need to refill the hopper frequently.

Its 12-liter (5.6 kg) seed capacity and 3-liter (8.1 kg) granular fertilizer capacity make it ideal for various garden applications.

- **Type:** Handheld seed spreader
- **Seed capacity:** 12 liters/5.6 kg
- **Granular fertilizer capacity:** 3 liters/8.1 kg
- **Spreading width:** 45 cm
- **Dimensions:** 55.5 x 107 cm
- **Compatible materials:** Granulation from 1 to 10 mm
- **Use:** Summer and winter
- **Distribution:** Controlled during guiding
- **Wheels:** Large profile for irregular surfaces
- **Roller:** Ensures uniform distribution
