Description

The Evolution Pressure-Retained Backpack Sprayer is a tool designed to deliver optimal performance in gardening, agriculture, and maintenance applications. With a total capacity of 16 liters, this sprayer features a polypropylene tank, a material that combines strength and lightness, facilitating transport and extended use. Its design includes a translucent side level indicator, allowing the user to easily monitor the remaining liquid. The new stainless steel handle provides durability and a secure grip, while the integrated, ergonomic carrying handle ensures comfortable handling for both right- and left-handed users. The fiberglass lance ensures efficient liquid distribution and is easy to maintain, requiring no additional tools.
