Description

The 4-step steel stepladder is an essential tool for any home, designed to offer safety and convenience for tasks requiring access to high places. Made of high-strength steel, this stepladder features a steel platform and a 30x20 cm non-slip mat, ensuring a stable and secure surface for the user. Its anti-opening safety system prevents accidents, while the non-slip feet provide greater stability on various surfaces. Measuring 47x89x128 cm and with a top step height of 93 cm, this stepladder is ideal for easily reaching high places. Its maximum length in use is 2.93 cm, making it practical and functional for various household tasks.
