Quick-release nut for angle grinder 2463000 wolfcraft

Brand: WOLFCRAFT

Reference: EDM 82405

The wolfcraft 2463000 quick-release nut for angle grinders allows you to change cutting, grinding, and sanding discs up to 125 mm without tools. Its folding lever locks in 0° and 90° positions, making adjustment easy with a simple hand twist. Compatible with most angle grinders on the market thanks to its M14 thread, it can also be used with an angle grinder wrench if needed. Made of stainless steel.

Description

The wolfcraft 2463000 quick-release nut for angle grinders is a tool designed to facilitate the efficient and tool-free changing of cutting, grinding, and sanding discs. Its innovative system allows for quick and safe disc changes up to 125 mm in diameter. The nut features a folding lever that locks into 0° and 90° positions, providing greater versatility. A simple manual twist to the left or right releases and tightens the nut, optimizing working time. If necessary, an angle grinder wrench can also be used for tightening. This product is compatible with most angle grinders on the market thanks to its M14 thread, making it a practical and functional option for professionals and DIY enthusiasts.
