

Product sheet

Compressed air hose, 10 m, x 15.5 mm

Reference: EDM 84025

The rubber compressed air hose is 10 meters long and has a diameter of 15.5 mm. It includes a 3/8" quick-connect coupling and a nozzle with a rubber sleeve. Its working pressure ranges from 300 to 1200 psi (80 bar) and it withstands temperatures from -40 to 60 °C. Its black color and durable material ensure longevity and efficiency in various applications. Ideal for industrial and domestic use.

Description

The 10-meter, 15.5 mm diameter rubber compressed air hose is a robust and efficient solution for various industrial and workshop applications. Designed to withstand demanding conditions, this hose is ideal for use with pneumatic tools and air compressors. Its durable rubber construction ensures long-lasting durability and abrasion resistance, while its working pressure rating of 300 to 1200 psi (80 bar) makes it a versatile choice for different tasks. Furthermore, it is capable of operating in a temperature range of -40 to 60 °C, making it suitable for a variety of working environments.

- **Color:**Black
- **Material:**Heavy-duty rubber
- **Type:**Compressed air hose
- **Dimensions:**10 m x 15.5 mm
- **Includes:**3/8" quick-connect coupling
- **Includes:**Nozzle with rubber sleeve (9.5 x 15.5 mm)
- **Working pressure:**300 - 1200 psi, 80 bar
- **Working temperature:**-40 to 60 °C

Specifications

Colour	Black
EAN	5709386117511
Material	Caucho resistente
