Description

The CRS02 surface-mounted lock is an ideal solution for reinforcing the security of wooden doors, whether in homes, offices, or commercial premises. Measuring 50 x 100 mm, this lock is designed for exterior installation, providing enhanced protection against intrusion. Its 5-pin round cylinder ensures an adequate level of security, while its 20 mm throw allows for effective locking with just two turns of the key. This model is left-handed, making it easy to install on right-opening doors.

Made of steel with a gold-painted finish, the CRS02 lock is not only functional but also adds an aesthetic touch to any entrance. It includes all the necessary installation components, such as the locking lever, strike plate, and handle, as well as five serrated keys.

For those who need additional copies, the blank key can be ordered with reference 10791.
